

Care that feels like family, delivered right at home

A CQC-registered home care provider dedicated to compassionate, person-centred care across London, Berkshire and the surrounding areas.

OUR STORY

Compassionate care, right at home

Aquarius Home Care was founded on a simple belief: that people deserve to be cared for with dignity, warmth and respect, in the place that means the most to them — home.

It's care built around you, delivered by people who genuinely care. That's the promise behind everything we do — and one we bring with us to every home we visit, every single day.

As one of the UK's leading home care providers, we hold ourselves to the highest standards of safety and quality, while never losing sight of the individual person behind every care plan.

- CQC-registered, holding ourselves to the highest standards of safety and quality
- Consistent, familiar carers who take the time to understand what independence means to you
- A team and client community treated with equity, dignity and respect
- Flexible support, from a few hours a week to full-time live-in care

C

Compassion

We treat every client the way we'd want our own family treated — with warmth, patience and genuine care.

I

Integrity

CQC-registered and regulated, we hold ourselves accountable to the highest standards of safety and quality.

D

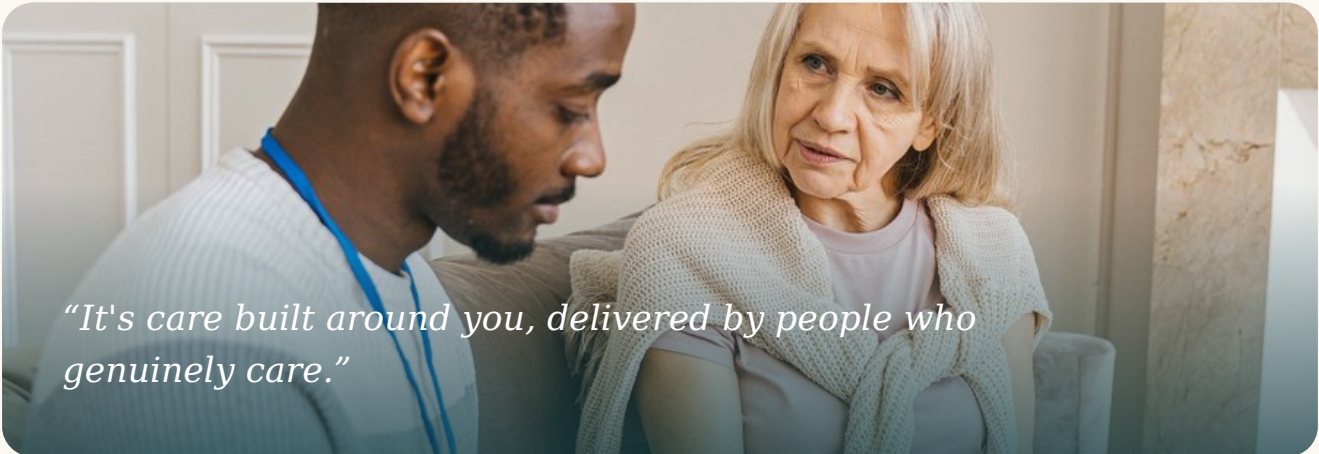

Dignity

Every care plan is built around the individual — their routine, their preferences, their independence.

E

Excellence

Fully trained, DBS-checked carers, continually supported to deliver a leading standard of care.

A photograph showing a male carer with a beard and a blue lanyard, wearing a light blue shirt, assisting an elderly woman with white hair. The woman is wearing a light-colored cardigan over a pink top. They are in a home setting, and the carer is looking down at something in his hands while the woman looks on.

"It's care built around you, delivered by people who genuinely care."

Our Home Care Services

From a helping hand a few hours a week to round-the-clock live-in support, every service is tailored to the person receiving it.

Assisted Living

Practical, everyday support that helps you stay independent and safe in your own home, without compromising your routine or your privacy.

- Washing, dressing and personal hygiene support
- Mobility assistance and fall-risk awareness
- Light household tasks and shopping support

Elderly Nutrition & Meal Assistance

Good nutrition is at the heart of good health. We help plan, prepare and support mealtimes in a way that respects dietary needs and personal taste.

- Nutritious meal planning and preparation
- Support with special diets and swallowing difficulties
- Companionable, unhurried mealtime support

Residential & Live-In Care

For those who need round-the-clock support, a dedicated live-in carer offers total peace of mind — companionship and care, day and night.

- A consistent, familiar carer living alongside you
- 24/7 support with daily living and household tasks
- An alternative to residential care homes

Personal & Complex Care

Specialist support for more complex health needs — delivered by carers trained to a high clinical standard, working closely with your care team.

- Personal care for complex or advanced health needs
- Support for long-term conditions and post-hospital recovery
- Close liaison with GPs, district nurses and specialists

Medical Support

Reliable, safe support with medication and everyday health needs — so you can stay well and in control, right at home.

- Medicine administration and prompting, on schedule
- Monitoring vital signs such as blood pressure and blood sugar
- Support attending medical appointments

End-of-Life & Palliative Care

Gentle, dignified care in familiar surroundings — supporting comfort and quality of life, while giving families the space to simply be present.

- Comfort-focused, dignity-led personal care
- Close coordination with hospice and palliative teams
- Flexible, round-the-clock availability when it matters most

OUR TEAM

Carers you and your family can trust

Every member of the Aquarius team is carefully selected, DBS-checked and trained to our rigorous standards before they step into a client's home.

- ✓ Enhanced DBS checks and full reference vetting
- ✓ Carefully matched to each client's needs and personality
- ✓ Ongoing training in safeguarding, first aid & specialist care
- ✓ Supported by local care coordinators, every step of the way

From the first phone call, the team took time to understand exactly what my father needed. The care plan was in place within days and it has genuinely given us peace of mind.

Michael P. — Son of client, Wembley

How It Works

1

Get in touch

Call, email, or book a free consultation online — whatever's easiest. We'll have a friendly, no-obligation conversation about what kind of support you're looking for.

2

Free home visit & assessment

We'll arrange a convenient time to visit and talk through your needs in more detail, so we properly understand what matters most to you or your family member.

3

A personalised care plan

Together, we'll put together a care plan built around your routine, preferences and requirements — not a one-size-fits-all package.

4

Meet your carer

We carefully match you with a carer suited to your needs, and introduce you before care begins.

5

Care begins — with ongoing reviews

We stay in touch and review the care plan regularly, adjusting it as circumstances change, so it continues to work for you.

Available Across London & Berkshire

Every service is delivered locally by carers based in your area, including:

Wembley & Brent

Harrow

Ealing

Hillingdon

Barnet

Hounslow

Kensington & Chelsea

Westminster

Camden

Hammersmith & Fulham
